Hello, fellow adventurers!

We are very excited to be re-launching our adventure & kayak clubs. This year will be the same as last where we'll have one Adventure Club. There will still be a lot of kayak activities worked in, as we all love to kayak and have a good consistent turn out for these events. We will also be including other activities, so be ready for hiking, biking, biking skills courses, outdoor survival courses and other stimulating and fun outdoor activities.

Important information:

Memberships are one calendar year from the date that you join. They are non-refundable, and non-transferable, but you can freeze your membership in the event of injury or extended leave if required. Prices are listed as above and are subject to change at any time without notice. Please note that some outings have an additional cost, which are due at the start of the trip (cash or cheque, please).

- **We are sticking to the same registration process as last year.** This is a very easy, online registration process. You just give your name, your membership level, and whether you need a rental. This will make it easier for us to keep track of who is coming, and who needs equipment. This will also prevent me from preparing for trips and travelling to locations when no one plans to attend, too, so remember to register. Registration for tours closes 4-6 hours before the trip starts, so if you need to register after that you'll have to contact us by phone to let us know
