

SCHOOL PRICING FOR OUTDOOR PURSUITS CENTER

HOODOO ADVENTURES INDOOR CLIMBING GYM

Rock climbing is an excellent way for kids to conquer fears, develop strength, confidence, co-ordination, and motor control at every stage of their development. Indoor rock climbing is unique in that all students are able to experience individual success no matter what their physical ability is.

Our rock climbing field trip is offered as a two-hour climbing session. Hoodoo Adventures offers walls that will challenge all ability levels, whether they are a first time or seasoned climber.

Our capacity, ratios, and 2000 sq. ft. climbing facility ensures that students will spend as much of their session participating as possible. Hoodoo Adventure Company has a capacity currently up to 35 students at a time.

Please contact us for pricing and program schedule details for bookings of more than 35 students as we can rotate students in sessions throughout the day.
