Who is YORS?

The Youth Outdoor Recreation Society is on a mission to get kids outside. Some of you may be familiar with our support - for years we've been working hard and raising funds to make outdoor adventure more accessible to kids all over the Okanagan. Over the years YORS has provided financial support to every school in Penticton. Over the last year, we've expanded that support to regions and schools outside of Penticton, too. We're proud to be growing and we couldn't do that without you!
